

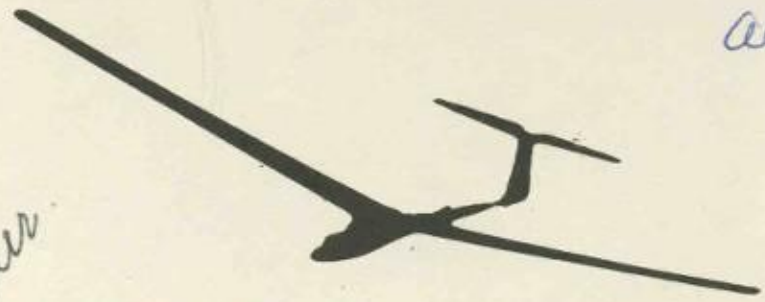
FLIGHT

Rick,
I don't think that staying at this stupid school any longer for long would do me any good. so I think I will graduate anyway. I know you will continue to major and better things at West L.A. college. I'll probably be seeing you around and I'm not sure if that's good or bad. THIS IS IT. Good bye
Bill Wagner esq

Rick,
Physics was a great class. You really "learn" a lot of things. Example:
$H = H_c \tan \theta$ using that formula find the amount of magnectic field that the plane goes thru. dip angle 60°.
Good luck to you always in whatever you do.
Alison
Nevada



I hope Rick you'll recover from physics. Good luck in the future I hope you get your laser working. Good luck Rick

Rich
It's been great sitting next to you in government and seeing you at some of the parties. They were really the best. Good luck at West LA and in the future.
Love
Linda

Rich,
well, school sure has been interesting and it will be better at West L.A. I hope. I have a feeling I'll see you there. Good Luck and don't take any wooden nickels.

To the most wonderful
Brother in the family.
Hope you don't grow
anymore, because you're
just right high next
to me. But miss us to
you always in the future.
Good Luck in College
and try to do the best
you can.

Your little
Sister
With Love.

PLEASE, PRAISE, PEACE OR WHATEVER—
I HOPE YOU RECOVER FROM
PHOTO. I'M SURE YOU'LL
ENJOY YOUR STAY AT
CAMARILLO, WELL, AS
THEY SAY, GOSHOHGEE,
NISH

Richard,

well, the year is over and we actually came through this physics class alive— I can't believe it! Happiness always,

love,
Adrienne

Pictured above are photography and literary contributors who were not officially on the yearbook staff but nonetheless sacrificed many hours to take pictures, write, syphon fix, insert negatives into glassine envelopes, borrow typewriters, turn off the dryer, drying developer tanks, rolling aprons, etc. May we of the official staff extend our gratitude to all of you. Thank You.

SAWATDEE! COMETS

A School yearbook is, in effect, a summary of a school's year-long activities in pictures, and occasionally the written word. As you browse through the contents of the annual, you will be impressed one way or another with the character and number of the activities that occur daily, weekly, and monthly in the 40 weeks that comprise the school year.

Seniors can certainly notice the change in the last three yearbooks in the ethnic composition of the student body itself. More subtle changes are not readily apparent in these pages, but perhaps in the future you will look back at this historical document and remember when those seemingly important events took place. I hope your memory of them in the years to come is sweetly savored.

As the semester of Winter, 1968 comes to a close, the Student Government Class can look back at a very successful semester. By working together, we have tried to bring progress to Westchester High. Through individual and united efforts, the Student Government Class has worked to bring improvement to various aspects of our school life. The class, this semester, has tried various programs to involve the student body itself in our government structure. There have also been many suggestions of new ideas for our extra curricular activities. I can recall many of these attempts which were successful, just as I admit that several were failures. Nevertheless, I must point out that we have tried and we have worked together to bring a highly successful semester to the students at Westchester High.

There are many people to whom I owe a note of thanks. I would like to thank each member of the student body whose interest and involvement have combined to make Westchester a great school. I would also like to thank the faculty and administration whose understanding and help have added to the workings of an outstanding student body. In addition, I would like to commend the Student Government Class, whose exceptional leadership and enthusiasm have made this semester a most memorable experience. The Leadership Class and I thank Mr. Walter Hopmans, our advisor, for the advice and assistance he has given us all semester.

Serving as Westchester's A.S.B. President was both a tremendous honor and a worthwhile experience. I am certain that the experiences I have encountered will stay with me for the rest of my life. I am extremely proud to be able to look back with satisfaction to a very wonderful student body and to the rewarding experience of being A.S.B. President. I would like to thank the students of Westchester High for entrusting me with an opportunity I will never forget.

The first A-12 class graduated in June 1952. The class that began as B-7's in 1948, spending the entire six secondary years there, graduated in 1954 with a remarkable academic record for ensuing classes to shoot at. Classes that followed have accepted and met the challenge as proved by the outstanding records maintained ever since.

Accompanying our academic and social development has been the excellent growth of the athletic program. We are held in regard as a worthy contender if not in fact a defending champion in many sports. All in all we have much to be proud of and even more for which to be grateful. The community looks to us with pride and we have reason to be similarly proud.

Twenty years ago, September 1948, the first Secondary School was opened to serve the young people in the Westchester area. Three hundred and eighty-nine students and nineteen teachers met on the site that now houses Orville Wright Junior High School. It was known as Westchester Junior High School and had only 7th and 8th grade students.

In 1959, a class of tenth graders who were denied the privilege to be bussed to Manual Arts High School were somewhat reluctant to pioneer the new high school having no upper classmen. However, it wasn't long until a closely knit Westchester High School Student Body developed—one filled with pride over early accomplishments, and looking forward with expectation to a promising future.

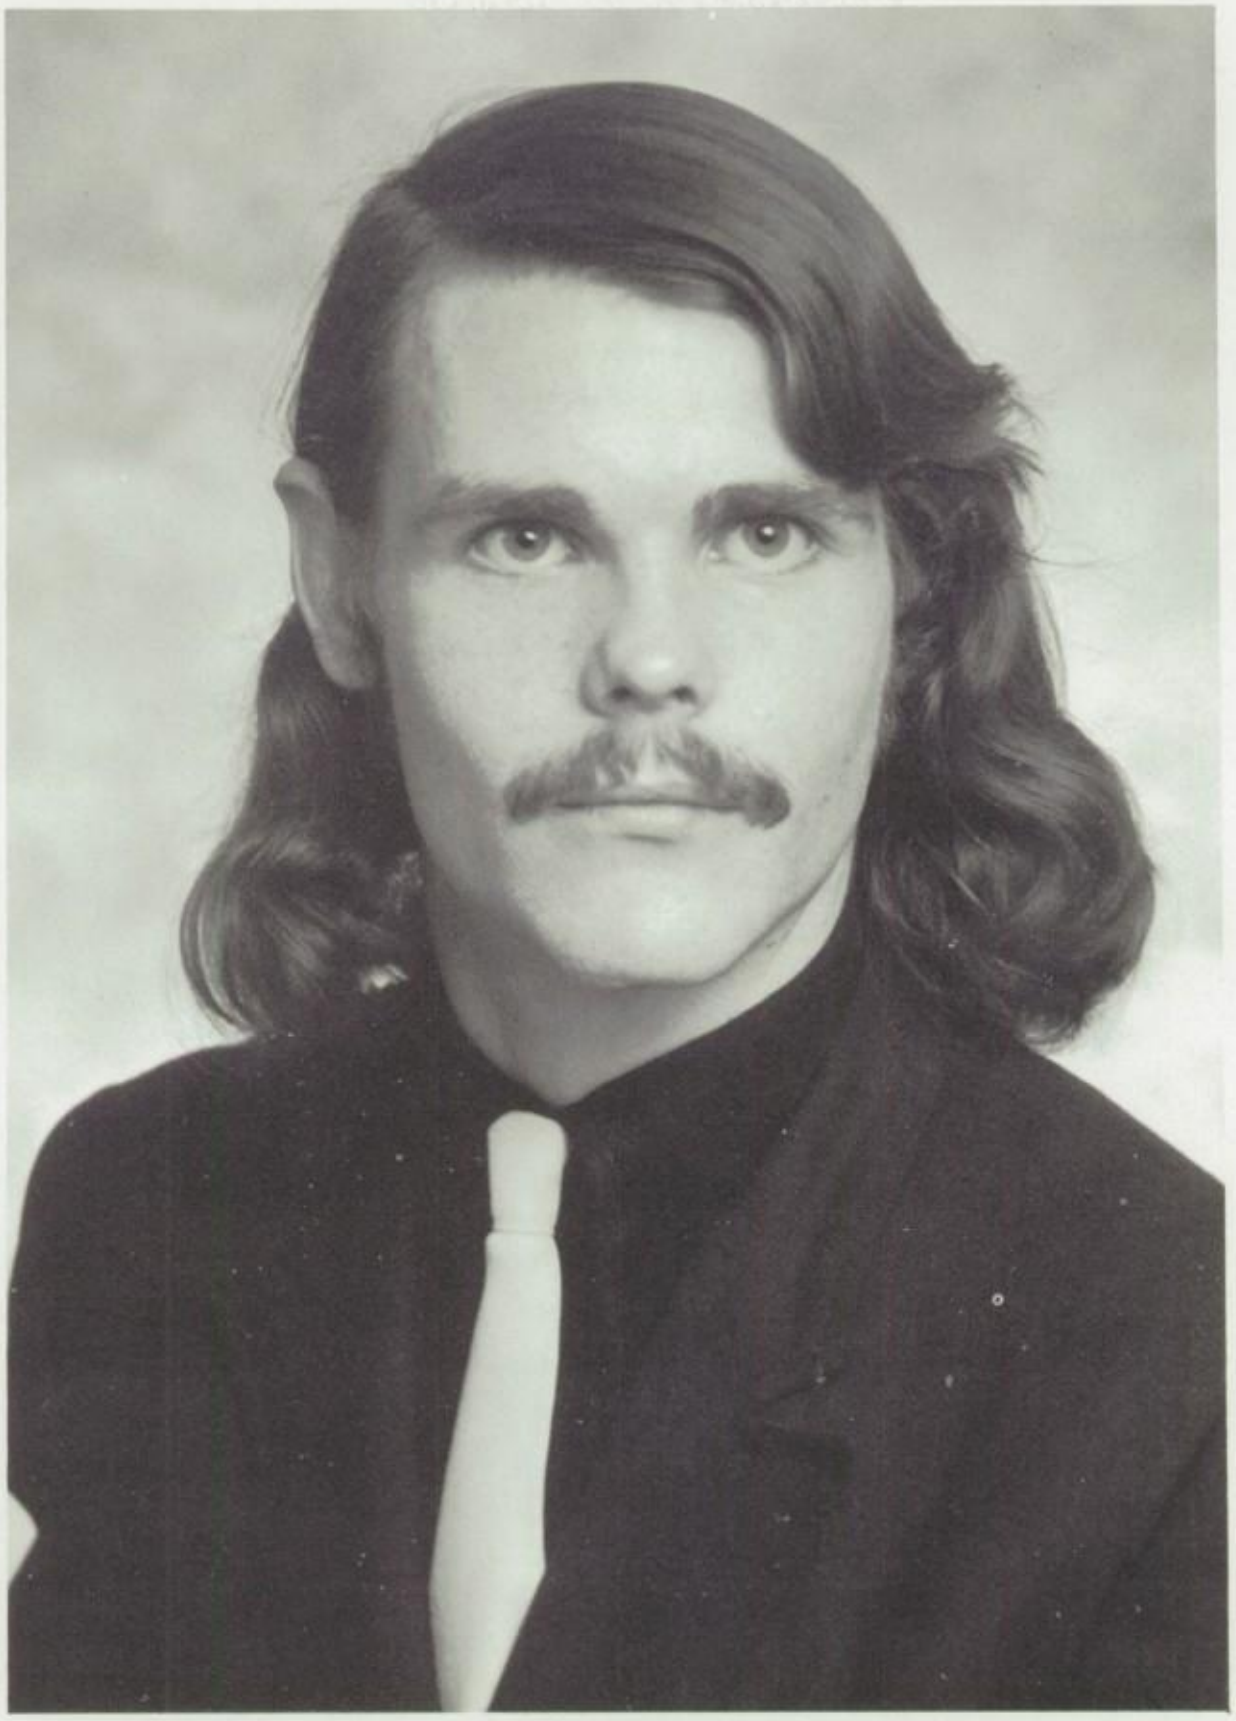
Congratulations! You've Worked Hard.



Dartanian La Follet, a precarious youngster clothed in the mask of anonimity, was amongst the low vote-getters in the senior poll. However, as a kind of patron saint of the unpopular, Dartanian symbolizes the good spirit which lies with many seniors who serve their school well but choose not to seek recognition. So, good seniors, although you may not be amongst the winners, fret not, for your good, quiet deeds have not gone unnoticed.

WESTCHESTER HIGH SCHOOL
ACHIEVE WITH HONOR TO

The following pages are a record of events that occurred during the 1972-1973 school year. Along with the school activities, we have included highlights of world and local news events. We realize at this stage of your life school events seem more significant. You're probably more concerned about how your picture turned out or how many pictures or clubs you find your face in. However, in a couple of years you will have forgotten about those relatively insignificant trivia and wonder what condition the world was in during your youth. We realize how thankful you will be in the future when you look back at this book. So to save you a trip back to Westchester we accept your gratitude now.

"The Yokes On You,"

This book is your private belonging. Every person who reads this book will have his own interpretation of the pictures he views, thoughts only he will thoroughly comprehend. The year's events will be reviewed in as many different ways as there are individuals who lived through them. Since this book is to be an involved experience, many captions and headings have been omitted, leaving it up to you to give meaning to what you feel. We hope that you will not just look at your picture and store this book on a shelf to be forgotten, but that you will look, feel and experience. The events are presented in chronological order, by the month with not only school events, but events of the world, events which make up our lives and history. The students are alphabetical by class, with the underclasses first. As you embark on your voyage of discovery, you will find that there is no one beginning or one ending. This is as life is, full of beginnings and endings, chapters recording your doings. We recorded just one chapter in your life, many more will follow. So lie back, let your mind go back in time as you turn these pages, let yourself be taken in by nostalgia.

Rich
what can I say
Hasn't since I saw another
going to read this so on with it
Its been real nice knowing you
Its been long these years and for me it was
almost to long. Its been fun - third period
and it was a hard long workout for you
you sad-min-to, champ 3 losers. Pls Please!
your friend and min. me

MR. P. P. HOT,
THIS IS a most
grivious occasion for
me. Why, I don't know.
You are probably a crebulant
person, infadaciously aware
of you insurmotatable
surroundings. Your
creeblemations have
brightened up many a
dull krell of mine, and
your malurtious most
deffinetly were beneficial
To my personal felops.
But despite the compticious
Temptuats, and fermish
audiations, you're insegreviously
you, and really a nice guy.
Good Luck with your infinitely
credacious future!

Rick, just think, no
more Physics? Ain't it neat. I hope
you happy, and best of luck in
your ... You've
been a great guy. That's why
your ...
... Bill (U.S.C.) Ward

Just forget about Physics
It aint no good
And try to stay happy
If you think ya could
Good Luck

Pease: I really got to
hand it to ya. Anybody
who can make it through
even one semester with
Gengis Tan's terrorism has
to be quite a guy or quite a
mastochist. (I never could
spell) It's been a tramatic
experience and I congradulate
you for being a great (and smart)
guy.
